### CDM2015

The new CDM2015 questions will be included based on the answers to the Company Type and the new CDM Role questions.

### Sectors

The 'Roads' sector has been replaced with 'Highways'.

### Private/Public Work

These questions have been introduced to control the inclusion/exclusion of the PAS91 Professional Standing questions. **NB.** Company Settings will prompt for a 'Yes' answer to at least one of these three questions.

### SSIP

Questions being removed as a result of holding a SSIP membership have been brought in-line with PAS91:2016. This means most H&S questions will be removed as per PAS91:2016

Clicking on 'Continue' loads the Profile questions according to the main contractor(s) selected on the Dashboard and the Company Settings answers and the 'And Finally' section will guide you towards completing your Profile.
